

'Christ at the centre, children at the heart'

Our Lady of Walsingham Catholic Multi-Academy Trust will deliver outstanding educational, spiritual and moral outcomes for all children regardless of their faith or backgrounds within an ethos based on full inclusion, high expectations, innovation, outstanding teaching and learning, and a relentless focus on the needs and potential of every child. Our vision is that every Academy within the Trust has a reputation for excellence in their local communities and beyond.

USE OF CCTV CAMERAS POLICY

OLW CMAT (THE MAT) USE OF CCTV CAMERAS POLICY

Section 37 of the Data Protection Act

The Data Protection Act requires that all CCTV installations designed to provide either crime prevention, crime detection or to enhance the safety of people on site, must comply with the requirements of the Act.

These are that:

- Data must be processed fairly and lawfully.
- Data can only be obtained for lawful purposes.
- Data shall be adequate, relevant and not excessive
- Data shall be accurate and kept up to date.
- Data shall be kept secure and not be kept for longer than is necessary.
- Data shall be processed in accordance with the rights of individuals under the Act.
- Appropriate measures shall be taken to prevent unauthorised or unlawful processing of data against accidental loss, destruction or damage.
- Personal data will not be transferred to a country outside European Economic Area.

Data must be processed fairly & lawfully

Cameras are sited in such a way that they only monitor those spaces which are intended to be covered by the equipment.

Signs are placed so that students and the public are aware they are entering a zone which is covered by surveillance equipment.

The purpose of the use of CCTV is displayed – e.g. “Images are being monitored for the purposes of prevention and detection of crime.”

Contact details regarding the CCTV scheme (Site Management) are displayed.

Data can only be obtained for lawful purposes

Disclosure of images to third parties is permissible only in limited and prescribed circumstances. Examples of third parties are:

- Law enforcement agencies if the recorded image would assist in a specific criminal inquiry
- Prosecution agencies
- Relevant legal representatives
- The media, but only in exceptional circumstances if it is decided that the public’s assistance is needed in order to assist in the identification of victim, witness or perpetrator in relation to a criminal incident.

Data obtained can only be used for the prevention or detection of criminal activity, or the apprehension and prosecution of offenders.

If data used for the above purposes contains images of unrelated parties, these images will be disguised in such a way that they cannot be identified.

Access to recorded images is restricted to only those who need to have access to achieve the purpose of using the equipment. This access is documented with the following information:

- The identity of the data subject or third party to whom disclosure was made.
- The date of disclosure.
- The reason for allowing disclosure.
- The extent of the information disclosed.
- The name and signature of the managed or designated member of staff allowing the disclosure.

Approved list of MAT staff who have access to CCTV footage at their site of work:

- Site Team staff and/or ICT staff at each Site (caretakers, site managers) – site of work only
- Headteachers, members of Leadership Teams and Designated Safeguarding Officers - site of work only
- The CEO and members of the Executive Team - CCTV at any MAT site
- All other staff must request in writing to their Headteacher, who will decide upon / approve / monitor requests.

Data shall be adequate, relevant and not excessive

Cameras are sited so that they do not record more information than is necessary for the purpose for which they were installed.

Staff may suggest positions for cameras, especially where staff personal safety may be enhanced by their strategic location

Data shall be accurate and kept up to date.

Any personal information which is recorded and stored must be accurate.

A documented procedure is kept which ensures that the accuracy of the system features are checked and if necessary amended or altered.

Data shall be kept secure and not be kept longer than is necessary

The Site Manager / Caretaker is responsible for nominating a named person to carry out the following procedures:

- Checking that the equipment performs properly.
- Ensuring any special features are accurate (e.g. time display).
- Reporting immediately if equipment is faulty or damaged.

Data will normally be kept for a maximum of 5 days unless necessary for procedures in relation to staff conduct and then will be kept only as long as necessary until matters are concluded

Data shall be processed in accordance with the rights of individuals under the Act

They have the right to be provided with a copy of the information held about them.

They have the right to prevent processing which is likely to cause damage or distress.

They have rights in relation to decision taking.

Appropriate measures shall be taken to prevent unauthorised or unlawful processing of data against accidental loss, damage or destruction.

It is required that appropriate technical and organisational measures shall be taken against unauthorised or unlawful processing of data and against accidental loss, damage or destruction.

In order to achieve this there is a need to assess any harm that might result from the processing, damage, loss or destruction of this data.

The nature of the data to be processed should be considered and where it contains details of inappropriate/unnecessary material it must be processed with greater care.

Personal data will not be transferred to a country outside the European Economic Area (EEA).

This principle places limitations on the ability to transfer personal data to countries and territories outside of the EEA.

Data will not be made available to the public via internet or website.
